RE: Tools for Auction

Following up on our phone conversation today, I will deliver to your Richmond Road showroom on Friday several tools for your March tool auction. Attached are 20 photos of the tools, with the following descriptions, for you to use in advertising prior to the auction. Thank you.

Photo 1 Husky 3-gallon air compressor; 1 HP. (Model BS 1003)

Photo 2 Emco Compact 5 Lathe. This is a bench-top lathe, made in Austria. I purchased it new about 20 years ago (price around \$1,100) and have been the sole owner. I have used it only for hobby work, to make precision brass parts for models. It has had only "gentle" use and is in excellent operating condition.

Photo 3 A detailed photo of the Emco lathe accessories. The accessories include: instruction book; three-jaw chuck with a set of reversible jaws; four-jaw independent chuck; three-jaw drill chuck; revolving center; top slide for taper turning; 26 turning bits; 5 tool spacers; 2 center drills; hexagon keys; wrenches.

Photo 4 Two radius turning tools (for use on the lathe).

Photo 5 Sherline Vertical Milling Machine (Model 5400). I purchased this tool new in 2002 (price \$650), and have been the sole owner. I have used it only for hobby work, to make precision brass parts for models. It has had only "gentle" use and is in excellent operation condition.

Photo 6 A detailed photo of the Sherline Mill accessories. The accessories include: instruction book; headstock spacer block; mill vise with clamps; step-block hold-down set with T-nuts and bolts; drill chuck; mill holder; 7 mills; slitting saw holder, with saw.

Photo 7 24 taps in the following sizes: 0-80; 1-72; 2-56; 4-40; 6-32; 8-32; 10-24; 10-32; 10-40; ¼-20; ¼-32; 5/16-18; 5/16-24; 3/8-16; 3/8-24; 7/16-20; ½-20; 9/16-12; 5/8-18; ¾-18 NPT. Two tap wrenches.

Photo 8 Two sets of twist drills (sizes 1/8" to ½") mounted on a wooden display block.

Photo 9 Six reamers in the following sizes: 1/8"; 5/32"; 3/16"; ¼"; 3/8"; ½"

Photo 10 Kennedy 7-drawer machinist's tool chest. H: 13 ½"; W: 20 ¼"; D: 8 5/8"

Photo 11 Craftsman 4-drawer tool chest. H: 11 ½"; W: 26"; D: 12 ¼"

Photo 12 Vintage Dial Test Indicator Set (No. 6400). Box size: L: 8"; W: 5"; D: 2"
Made by Central Tools Inc., Cranston, Rhode Island

Photo 13 Fowler Depth Micrometer (with measurement rods from 0 to 4")
Box size: L: 10"; W: 5 ¼"; D: 1 ¾"

Photo 14 Electronic Digital Caliper. Box size: L: 9 ¾"; W: 3 ½"; D: 1"

Photos 15-17 Vintage Craftsman Socket Wrench Set with Tool Box (made in 1939).

The wrenches were in the "boxhead" style, with amber-acetate handles, made by New Britain Tool Co., New Britain, Conn.

The metal tool box (H: 6 ½"; W: 19 ¼"; D: 7") contains a scribe and the following tools:

½" Drive Socket Set: one reversible ratchet (10"); two extensions (5" & 10");

One hinge handle (15"); one speed handle (18"); one sliding T-handle;

Five 8-point standard sockets (sizes ½ 9/16 5/8 11/16 ¾)

Fourteen 12-point deep sockets (sizes 7/16 ½ 9/16 5/8 11/16 21/32 ¾ 13/16 7/8 15/16 1" 1-1/16" 1-1/8" 1-1/8")

3/8" Drive Socket Set: one reversible ratchet (6 ½"); one hinge handle (10");

one speed handle (16"); one 8-point standard socket (size 3/8");

six 12-point standard sockets (sizes 7/16 ½ 9/16 5/8 11/16 ¾)

¼" Drive Socket Set: one reversible ratchet (5"); one hinge handle (6");

Three 6-point sockets (sizes 7/32 ¼ 9/32); two 8-point sockets (sizes ¼ 5/16);

Four 12-point sockets (sizes 5/16 11/32 3/8 7/16)

Photo 18 14 threading dies in the following sizes: 1-72; 2-56; 6-32; 8-32; 10-24; 10-32; 10-40; ¼-20; ¼-32; 5/16-18; 3/8-24; ½-20; 1/4-18 NPT.

Four die turning tools.

Photo 19 Toro 20" Snow Blower (5 HP) Model CCR 2450. I purchased this tool new about 20 years ago. It has been used once or twice per year to clear the driveway and sidewalks about the residence. It is in good operating condition.

Photo 20 Hand Tools: two 8" C clamps; sledgehammer; chisel.
