You have been allowed opportunity to examine all items offered for sale or auction. All grades, certifications and classifications assigned to any item are **subject to** and are therefore a **matter of** "opinion". Some of these "opinions" are given by consigners, some by us and some by unknown parties and these opinions should be used only as a general guideline. Your opinion of an item may differ greatly in one way or another from those provided. We encourage you to use your own judgment and suggest that if you question the grade, certification or classification of an item that you refrain from bidding.
