

Notice- all units sold at the auction are sold free and clear of all liens. The buyer is responsible for all applicable sales tax and registration fees.

Items are sold “as is, where is” with no guarantees expressed or implied. There is no “cooling off” period. This means when you are bidding on it, you are buying it, it’s yours- you can’t bring it back. Bid on it as you see it the day of the auction. We will tell you everything we know about it but use your own judgment when bidding. If you are buying for resale, we must have your signed resale certificate. Vehicle dealers must provide current dealers license and resale certificate. If we don’t have these certificates, we are going to make you pay and when you provide the documents, we will refund your money. All vehicles come with a Florida title unless otherwise noted. Under NO circumstances will we give you an open title. When picking up the title you must tell us the buyer information so that the title can properly be filled out.

BOS-this indicates that the title to the unit is unavailable and a Trustee Bill of Sale will be issued. This BOS and additional paperwork can be used to acquire a title.

Description of Property	Mileage	VIN Number	Additional Information	Title	Color
