

Auction Collateral for January 21st, 2023

Notice- all units sold at the auction are sold free and clear of all liens. The buyer is responsible for all applicable sales tax and registration fees.

Items are sold “as is, where is” with no guarantees expressed or implied. There is no “cooling off” period. This means when you are bidding on it, you are buying it, it’s yours- you can’t bring it back. Bid on it as you see it the day of the auction. We will tell you everything we know about it but use your own judgment when bidding. If you are buying for resale, we must have your signed resale certificate. Vehicle dealers must provide a current dealers license and resale certificate. If we don’t have these certificates, we are going to process the title in your individual name. All vehicles come with a Florida title unless otherwise noted. Under NO circumstances will we give you an open title. When picking up the title you must tell us the buyer information so that the title can properly be filled out.

Lien- this indicates that the Trustee has determined that the unit has a valid lien with a secured creditor. Once the unit is sold at public auction, proceeds from the sale will be used to satisfy the lien. A title or Trustee Bill of Sale (BOS) will then be forwarded to the buyer. This process may take up to sixty days.

BOS-this indicates that the title to the unit is unavailable, and a Trustee Bill of Sale will be issued. This BOS and additional paperwork can be used to acquire a title at your local Tax Collectors Office.

Delayed - delayed means that the title exists, but it is at the trustee’s office, or the trustee is applying for a duplicate. These titles should be available within 30 days.

Lot	Description of Property	Mileage	VIN Number	Additional Information	Title Status	Color
1	2003 Ford Expedition		1FMPU16L43LB21087	POLICE BRAND	Delayed	White
